Moves, I make, your shoes, they fake  
You lose, you they hate  
Why you niggas that try to debate

Everyday when I wake up I pray  
Thank the lord I have food on my plate  
Now I got fans all over the place  
I'm still on my come up though  
This is greatness, I'm not like one of those  
I got the antidote  
I'm bout to flip and give y'all the genetic code  
This one is different, I made it an article  
I feel incredible, smoking the edible  
Came from a small town, we going federal  
Bet on myself bitch, no collateral
