

Uh-uh-uh

I need you, need you and me
'Cause you're baby, I'm Happy Meal
I'm mixtape, bitch, you're that beat
Need no drama, just gangsta grill
Bitch, you wow, made you vow
Ready to drop on your hills
Bitch, stay off your ripped jeans
Only panties, drop the heels
Smoking juana all the time
Puff and pass, [?]
Bitch, you playing, only bra
Time to check up on your skill
I'm your doctor! How'd you feel?
Everything is gon' be fine
Sex and money on my mind
You're ATM, no dollar bill

Are you real? Are you only in my mind
Are you real? Are you only in my mind

Your life is comics
I'm your Superman, super bomb
I'm photograph you my Instagram
Time is tick-tock, got dressed only flip-flops
Nasty squirrel, you are looking for only big nuts

Are you real? Are you only in my mind
Are you real? Are you only in my mind
