

# REMEMBER

## Skryptonite (Скриптонит)

Remember this, remember that, Bomboclaat [?] What am I saying though, ay rude boy, Uh, Uh

Remember this, remember that  
Back then we was flat  
Broke like a motherfucker  
I'm always gonna remember that  
Back then we had no cheques  
Back then we was whack  
Real nigga shit  
I'm never capping in my rap  
Banging on the [?] for so long  
I had to lose myself  
Lost respect and I went back  
I had to get it back  
No weakness in my blood  
That's a fact, where I'm at  
Most of these niggas can't adapt  
What you know about it?  
Gunning in a city  
Ten thousand miles from home, prolly  
And I still can't trust nobody  
Still don't understand the language  
But that shit don't stop my hustle  
Put me with the lions  
I bet I make it out the fucking jungle  
(Uh, you did)  
It's an eye for an eye  
And a cheque for a cheque  
I can be humble with myself  
But I'm paying with my respect  
What you give is what you get  
I fuck with [?] like it's sex  
I don't need the extra drama  
I'm just focused on success, bitch (Bitch)

I'm feeling like I'm on a goat gang (Ay)  
I'm feeling like I'm on a goat gang  
Like I'm on a goat gang  
I'm feeling like I'm on a goat gang  
You just broke me  
You should thank God that you can walk man  
I'm from [?] but for you it's not okay  
(Do you still believe in miracles?)  
No way  
I started it from scratch  
Every day like a Monday  
To understand this you need some brain  
Fucking zombies  
Money rain, so I feel myself like one and only  
You still rolling in your [?]  
I'm on rolling loud  
All I think about is a banger now  
Cashouts [?]  
No hangout, don't mess around  
Remember that

Remember this, rememb-  
Remember this, remember that  
Remember this, rememb-  
Remember this, remember that

Remember this, remember that  
(Remember what?)  
Remember this, remember that  
Remember this, remember that  
Remember this, (Remember that)
