My ex say she want me cause she love how I finesse
Say she wanna call me, tell her leave it in a text
Know I'm getting money but I'm still telling depressed
Hoes say they love me but I know it's just for sex
I know it's just for sex
But I still pull up and undress her
And you know I don't text her
Moving slow in a Tesla
I know it's just for sex
But I still pull up and undress her
And you know I don't text her
Riding slow in a Tesla

I don't text shawty
And I don't call back
I don't miss you girl
I don't want that
Cause every time that you call you got problems
And you don't really love me to be honest
Woah, to be honest
Fake love leaves in the morning
When it's set
Everytime I bleed in my heart cause you tore it
You could be my Cardi B and I could be your Offset
Huh that shit is upset
When I look into your eyes all I see is regret
I know you still miss me
But this shit ain't deep yet
I ain't coming back no more

My ex say she want me cause she love how I finesse
Say she wanna call me, tell her leave it in a text
Know I'm getting money but I'm still telling depressed
Hoes say they love me but I know it's just for sex
I know it's just for sex
But I still pull up and undress her
And you know I don't text her
Moving slow in a Tesla
I know it's just for sex
But I still pull up and undress her
And you know I don't text her
Riding slow in a Tesla

She love the way I finesse
She blowing my phone with a text
She asking boy what you gon do
What you gon do?
Shawty What you gon do?
What you gon do?

Every night I make a rack
What you gon do?
You ain't with me from the start
What you gon do?
I ain't playing your ass
What you gon do?
You ain't coming to this side

What you gon do?
Every night I'm spazzing
Middle finger to my ex's
I'm not with the acting
You got a chance but you fucked
Now you tryna jump on my ship like a captain
You not it

My ex say she want me cause she love how I finesse
Say she wanna call me, tell her leave it in a text
Know I'm getting money but I'm still telling depressed
Hoes say they love me but I know it's just for sex
I know it's just for sex
But I still pull up and undress her
And you know I don't text her
Moving slow in a Tesla
