

# Don't Stop the Fight

Skull Fist

Sharing these visions  
It's all that you show  
Well you're crying in darkness  
I'll never know!  
I won't break no promises!  
Never tell you a lie!  
My heart never bleeds  
There's nothing here to hide yeah!

You're raised in the wall  
Inventing a life!  
Someone could save you!  
I'll never try  
Won't waste my memories!  
Begging on my knees  
Darkness will fade  
And destiny never bleeds!

Don't stop the fight!  
Be strong and make it right!  
Be true this night!  
Keep up alive!  
White lies to get the best!  
Stay tough and fuck the rest!  
I'll never stop the fight!  
Better stay strong tonight  
Don't stop the fight!
