

## Heart of Rio

Skull Fist

I want to live but I'm afraid to die  
I wanted truth but you gave me lies  
For too long I've called this home  
I gotta go

Oh I'll always know

Another life in a lonely land  
So far away when you took my hand  
How many tears to let you go  
I gotta know

Oh I'll always know  
I left my heart in Rio  
Don't let me go  
Because it's all I feel

Tough nights never fade away in your mind  
But your eyes rescue me from time

Another day I'll leave it all behind  
A big city lost in time  
How many years to hear you say  
Let's get away...

Oh I'll always know  
I left my heart in Rio  
Don't let me go  
Because it's all I feel

Oh I'll always know  
I left my heart in Rio  
Don't let me go  
Because it's all I feel
