

## Kept My Mouth Shut

Skunk Anansie

What a fool I am  
A fool I am for telling you the truth  
What a fool you are  
A fool you are for lying to yourself

What a day this is  
You and I so silently inflamed  
What a day this is  
Your saddened and life worn face  
It kills me twice, it kills me twice  
It kills me twice, it kills me twice

And now I'm watching you  
Wanting and a wishing that I kept my mouth shut,  
That I kept my mouth shut  
And now I'm watching you  
Wanting and a wishing that I kept my mouth shut  
That I kept my mouth shut

What a sin I am  
That way I show my unconditional love for her  
What a sin I am  
A sin I am to hurt, I'm here to blame,  
I'm here to hurt, I'm here to blame,  
I'm here to blame

I'm drifting in the misery of hindsight I'm drifting in the misery of hindsight
