

HOLD ME

SkyDxddy

Don't leave me lonely
Just fucking hold me
Until I don't feel a goddamn thing
Don't control me
Don't be angry
That I'm not who you want me to be

You said that you would be there
But your there when you wanna be
I didn't really need much
Except your love and your company
Couldn't handle when I fell apart
Now you got me shaking
Its taking its toll on me
And my heart is breaking
I fading into nothingness
This illness is apart of me
Insomniatic psychopath
Is not what I signed up to be
Need you in this fully
Or just give me my privacy
My post traumatic stress is fucking with my anxiety

Don't leave me lonely
Just fucking hold me
Until I don't feel a goddamn thing
Don't control me
Don't be angry
That I'm not who you want me to be

I need you to hear me now
I'm stuck inside this hell
I need you to help me out
I can't do this by myself

Don't leave me lonely
Just fucking hold me
Until I don't feel a God damn thing
Don't control me
Don't be angry
That I'm not who you want me to be
