Its such a cruel world  
For all the boys and girls  
And its so tragic

This life of madness

Its such a cruel world  
For all the boys and girls  
And its so tragic  
This life of madness

Hopelessly devoted to the ones who have fallen  
Socially disconnected so we never use our callings  
Projecting all our feelings  
Yet neglect to try to change  
And don't do a thing but try to take away the pain  
And watch the world the burns  
Yet were the ones setting matches  
Never actually learn just casually walking past it  
Never to think to mention and nothin catches our attention  
Till they take our sons and daughters far away in a casket

Were taught how to slaughter  
Were not born out of hate  
Were just forced to serve another in a calculated way  
Why do we go against nature  
Why do we trust what man made  
Praise it as goes up then run away as it caves  
And if its plastered on the news  
Everybody's here to stay  
I guess were complicated humans who were raised that way  
Shit that must be it

Its such a cruel world  
For all the boys and girls  
And its so tragic  
This life of madness

Its such a cruel world

This life of madness

Yeah this life that I'm livin' it ain't the best  
If its all about perspective  
I've gotta change it I guess  
And if I'm being honest  
Sometimes I wish I was dead  
I've got a bunch of people that live inside of my head  
And I don't know if this is real or if its fake or not  
But every night I go to sleep I pray that it would stop  
Sometimes I wish that I was different just so that I'm not  
The person that I am inside  
But it'll never stop  
But lately I'm fucking through with just wishin'  
That things could be different  
I'm been takin in a new firm position

And move with precision  
The usual just usually isn't this beautiful image  
I keep inside my musical prison

Yeah so let me tell you bout my life  
And everything that me grow  
I'm fucking proud I fight  
I'm proud of everything I've overcame  
Like ow that's right  
It fuckin hurts when you wrong doesn't it  
Yeah that's right  
I'll prove em all wrong

Its such a cruel world  
For all the boys and girls  
And its so tragic  
This life of madness
