

MONSTERS INK

SkyDxddy

Misfits and freaks gather 'round friends (Around friends)
Come here with me and play pretend (And play pretend)
Just for tonight we'll take off our disguise
And remember this day for the rest of our lives

E-E-Everybody loves to say I'm crazy
But I know they love it when I misbehave
They say silly things like, "Ma'am you're manic"
Bitch, I'm certifiably insane
I got you fooled by a pretty face
The jokes on you, I got my ace
Tell me now how does your medicine taste
I-I-I'm sick of living in this hell
Where those who speak their mind are either crucified or censored
'Cause they just love to run our lives
This system is designed for us to die or fall in line
So when someone doesn't do it, they try to kill off all our kind, oh

Misfits and freaks gather 'round friends (Around friends)
Come here with me and play pretend (And play pretend)
Just for tonight we'll take off our disguise
And remember this day for the rest of our lives (Ha, ha, ha)

Monsters don't live under my bed (My bed)
The creatures that lurk inside my head (My head)
They feed off of me 'til I'm brain-dead (Brain-dead)
But I'm pretty numb, so it's painless, baby

I was born again without you
From inside the flames I rise
I am the beauty within the pain
And you were just a lie
Won't apologize when I make you cry
Won't reminisce on the good times
I'm done with wishing on a well
That's motherfuckin' dry, oh
When I showed myself around this hell I swear to God it felt like home
So I found lost souls like me to let them know they're not alone
To be honest I don't even know who I am or where I'm going
So I'm, done I'm done, I'm disconnected
This mind of mine leaves the wrong impression

Misfits and freaks gather 'round friends (Around friends)
Come here with me and play pretend (And play pretend)
Just for tonight we'll take off our disguise
And remember this day for the rest of our lives

Monsters don't live under my bed (My bed)
The creatures that lurk inside my head (My head)
They feed off of me 'til I'm brain-dead (Brain-dead)
But I'm pretty numb, so it's painless, baby

I'm not sorry I'm a bit psychotic, it's the voices in my head
Telling me that all my enemies should be fuckin' dead
And it's not a threat, no, it's a promise
I'll leave you speechless and astonished
These bitches love to judge me

They just hate me 'cause I'm honest
I-I-I'm the most marvelous murderous monster that you'll ever get to meet
And you can see it for yourself while all the blood drips from my teeth
I ate my IT and then became it
I'm livin' reckless and feelin' shameless
No master here to hold me back
I'm free to let this beast attack

Misfits and freaks gather 'round friends (Around friends)
Come here with me and play pretend (And play pretend)
Just for tonight we'll take off our disguise
And remember this day for the rest of our lives (Ha, ha, ha)
