

Mortal Kombat

Talkin' all this shit, but I ain't buyin'
It's such a riot, how you been begging for me
Back, but I'm so over staying quiet
Let's cut this silence
I'm gonna make you bleed

Ooh, they don't know you like I do, yeah
Ooh, they'll all know the truth real soon

Try to walk all over me
Then watch me as I bounce back
Take a swing or hit or two
Then take the knife out my back
Knock you to your knees, a fatal victory
Face my wrath
Fuck with me, I'm coming for the kill like Mortal Kombat

Think it's kinda funny how you played me
Now you need saving
Damn, isn't it ironic?
Hope it wasn't too emasculating
'Cause I took you back too many times
I put my heart and my soul on the line

Ooh, they don't know you like I do, yeah
Ooh, they'll all know the truth real soon

Try to walk all over me
Then watch me as I bounce back
Take a swing or hit or two
Then take the knife out my back
Knock you to your knees, a fatal victory
Face my wrath
Fuck with me, I'm coming for the kill like Mortal Kombat

I got Karma on my side
She's that bitch and so am I
Told her all the reasons why
And now I'm comin' for the kill like Mortal Kombat
