

# Nowhere

Skye

I've been holding your hand  
To long and I'm feeling you sleep  
You're out there on the air  
Nervous when I'm losing my grip

If my heart was a rope  
It would hold you here  
'Cause you swore you would stay  
And I just can't stand you leaving

I'm not giving you up  
I won't let you go  
You're not going nowhere  
I'm not giving you up  
(You can't make me stop)  
You're not going nowhere

I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere

I've done everything you want  
I'm done begging you need to believe  
No more screaming a joy  
Not getting you don't get to leave

If my heart was a cage  
It you'd lock you in  
'Cause you swore you would stay  
And I just can't stand you leaving

I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere  
I'm not giving you up  
(You can't make me stop)  
You're not going nowhere  
Without me

I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere

Nowhere without me  
Without me

I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere  
I'm not giving you up  
(You can't make me stop)  
You're not going nowhere, nowhere

I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere  
I'm not giving you up  
(You can't make me stop)  
You're not going nowhere, nowhere  
Without me

I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving up  
Never stop never not  
I'm not giving you up  
I won't let you go  
You're not going nowhere, nowhere
