

Do The Hook

Skyhooks

There's a new dance that's going around
It's easy to do just hang around
Do the hook, do the hook
It's something special quite profound
We ripped it off from the underground
Do the hook, do the hook

Now the Father the Son and the Holy Ghost
They just confessed that they think it's the most
Well, they love the beat but they hate the sound
They get together just hang around and
Do the hook, do the hook

Well, I'm so cool that I'm icebound
But I get it together just to hang around and
Do the hook, do the hook

Now the Father the Son and the Holy Ghost
They just confessed that they think it's the most
Do the hook, do the hook
