

# Don't Take Your Lurex To The Laundromat

Skyhooks

Oh, I took my lurex suit down to the laundromat  
I tried to get it clean  
But when I opened up that lid  
You shoulda seen what I seen

Yeah, I like to spark in my rhinestone jeans  
You know I like to shine  
But I just wrecked a hundred dollar suit  
With a nickel, a quarter and a dime

Don't take your Lurex to the laundromat  
I tell you, brother, that's not where it's at  
Don't take your Lurex to the laundromat  
If your suit's all dirty then I'm sorry 'bout that

Like a little satin love a little silk  
To get me through the day  
But I'm so depressed with all this dirt  
That I'm gonna dress in grey

Don't take your Lurex to the laundromat  
And that goes for leather and lace  
Don't take your Lurex to the laundromat  
It'll clean that smile right off your face

If you put in your velvet, it'll come out a mess  
If you wanna wash here, you better change your dress  
Don't use the spin dry or the blue blue bleach  
It'll total your threads like dry cleanin' a peach

Don't take your Lurex to the laundromat  
I tell you, brother, that's not where it's at  
Don't take your Lurex to the laundromat  
If your suit's all dirty then I'm sorry 'bout that

Don't take your Lurex to the laundromat  
You wouldn't take a surfer to the snow  
Now there's a place for everything  
And for everything there's a place for it to go

You wouldn't take a blind man to the movies  
You wouldn't take a surfer to the snow  
Don't take your Lurex to the laundromat  
'Cause that's not the place for it to go

So don't take your Lurex to the laundromat  
I tell you, brother, that's not where it's at  
Don't take your Lurex to the laundromat  
If your suit's all dirty then I'm sorry 'bout that  
If your suit's all dirty then I'm sorry 'bout that  
If your suit's all dirty then I'm sorry 'bout that
