

# Mumbo Jumbo

Skyhooks

Think I'll do myself a favour  
Let my thoughts dribble down my chin  
Mumbo Jumbo got to be the flavour  
Know that your ears will let it in  
Dada you demon I got no room for reason now

Beat my brains but I can't find a reason  
Like a wolf I keep howling at the moon  
Maybe it's 'cause spring is the season  
Vibrate my tubes into a tune  
Dada you demon I got no room for reason now

Mumbo Jumbo  
Mumbo Jumbo  
Mumbo Jumbo  
Mumbo Jumbo

Up and away to lose your lingo  
Veni Vidi Veni Vici  
My motives not devotive to a thing tho'  
Sing me your sweet symphony  
Dada you demon I got no room for reason now

Talking in tongues my teeth assemble  
Chatter no matter what they say  
Ooh, then my knees begin to tremble  
And I twitch all my stitches away

Dada you demon I got no room for reason  
Dada you demon I got no room for reason  
Dada you demon I got no room for reason
