

# My Heart Gets Blown to Bits

Skyhooks

Like a hand grenade, you pull out the pin  
Five seconds and the world caves in

My heart gets blown to bits, yeah, it shatters  
My heart gets blown to bits, yeah, it splatters

You know a forty eight, makes one big hole  
You pull the trigger, blow away my soul

My heart gets blown to bits, yeah, it shatters  
My heart gets blown to bits, yeah, it splatters

My heart gets blown to bits  
My heart gets blown to bits  
My heart gets blown to bits  
Bang, bang, bang

Loving you is like Vietnam  
You do me damage you do me harm  
I'm your friend not the enemy  
I'm your lover not a mercenary

My heart gets blown to bits, yeah, it shatters  
My heart gets blown to bits, yeah, it splatters

You turn Saturday night, Saturday night into a firefight  
Firefight in a minefield, I don't wanna get killed  
I don't wanna be alone, alone in the combat zone  
Alone with my AKM, I just wanna be your friend

My heart gets blown to bits, yeah, it shatters  
My heart gets blown to bits, yeah, it splatters

My heart gets blown to bits  
My heart gets blown to bits  
My heart gets blown to bits  
Bang, bang, bang, bang  
My heart gets blown to bits  
Bang, bang, bang, bang, bang, bang  
My heart gets blown to bits  
Bang, bang
