

Wrong Number Right Girl

Skyhooks

Hit the buttons on the touch phone
I hope that she's home
A sweet voice says: 'Come over right away'
'Oh, honey, I just wanna play'

Wait a minute not so quick
This ain't my girlfriend this ain't my chick
What the hell she sounds so fine
Hot and sweet comin' down the line

I got the wrong number but the right girl
I got the wrong number but the right girl
I got the wrong number but the right girl
I can't believe my luck

Get myself down to her street
Feelin' tired, feelin' deadbeat
Forgot the number that she said
Should be home in my bed

That must be her on the sidewalk
But then again when I hear her talk
This ain't the girl on the telephone
What the heck, she's takin' me home

I got the wrong number but the right girl
I got the wrong number but the right girl
I got the wrong number but the right girl
I can't believe my luck

I got the wrong number but the right girl
I got the wrong number but the right girl
I got the wrong number but the right girl
Gonna have some fun tonight

I got the wrong number, I lost my dime
But I had me a real good time
Operator, I'm gonna complain
If you don't get me that number again

Hit the buttons on the touch phone
I hope that she's home
A sweet voice says: 'Come over right away'
'Oh, honey, I just wanna play'

Wait a minute not so quick
This ain't my girlfriend this ain't my chick
What the hell she sounds so fine
Hot and sweet comin' down the line

I got the wrong number but the right girl
I got the wrong number but the right girl
I got the wrong number but the right girl
I can't believe my luck

I got the wrong wrong number but the right right girl
I got the wrong wrong number but the right right girl

I got the wrong wrong number but the right right girl
I got the wrong wrong number but the right right girl
Gonna have some fun tonight
