

## You're Like A Broken Gin Bottle, Baby

Skyhooks

You're like a broken gin bottle, baby  
You smell so sweet and you're razor sharp  
Maybe you're herald, angel honey  
But Sonny Boy done played your harp

You're like a sweet potato, baby  
Taste much better than you look  
Maybe you're a gas oven, baby  
Take a raw boy and make him cook

You're like a Coca-Cola bottle, baby  
Shake you up and you blow your top  
Maybe you're a good guitar, yeah  
Play so cool and you blow so hot

You're like a jet plane, sugar  
You scream so loud and you go so fast  
Maybe you're a napalm bomb, darling  
And every blast is gonna be your last
