

Claws

Skylar Grey

I'm looking for a stranger, in the night
I'm feeling like some danger, and that's my type
I can bring 'em back, girl, into the light
Feeling like you're slippin', I just hold you tight
Rolling in my mind, we gone
Rolling through the night, this song
Rolling up on you in that thong
I can't get enough, no, I think I'm stuck

All my claws are stuck in you, ooh
There's nothing I can do, ooh
They're stuck inside of you, ooh
There's nothing I can do, yeah
Can't let go of you, yeah
My claws are stuck in, you, oh-oh-oh-oh
You, oh-oh-oh-oh
Once I got a hold of you, ooh
There's nothing I can do, yeah
Can't let go of you, yeah
My claws are stuck in you

You wanna see the dark side of paradise
Dive into the archives, if you like
I can bring a good man to the night
Take your fantasies and turn them into life
I can do you right with wrongs
I know that it turns you on
And that really turns me on
I can't get enough, no, I think I'm stuck

All my claws are stuck in you, ooh
There's nothing I can do, ooh
They're stuck inside of you, ooh
There's nothing I can do, yeah
Can't let go of you, yeah
My claws are stuck on you, oh-oh-oh-oh
You, oh-oh-oh-oh
Once I got a hold of you, oh
There's nothing I can do, yeah
Can't let go of you, yeah
My claws are stuck in you
