

# Do You Remember

Skylar Grey

Hmmmm-mmmm-hmmmm

I caught grandma and grandpa sitting by the window  
She was just resting her tired hand on his arm  
And I was standing behind them  
But I could see the love in their eyes  
It didn't look like 60 years have come and gone  
She said...

Do you remember that time we saw the northern lights?  
Do you remember that time we watched the shuttle blow up in the sky?  
Do you remember that time we put a man on the moon?  
And he said "baby (baby), call me crazy, of all that we've been through, all  
I remember is you"  
All I remember is you  
All I remember is you (yeah, baby)  
All I remember

One day, we'll be sitting at the window  
Just resting my tired hand on your arm  
It's so easy these days  
To get a little bit discouraged, isn't it?  
But they'll prove that love like that can still be found  
And I'll say...

Do you remember that time we counted satellites?  
Do you remember that time we watched the buildings burn up in the sky?  
Do you remember that time we had our first black president?  
And you'll say "baby (baby), call me crazy, of all that we've been through,  
all I remember is you"

Oh, oh, oh, time can be so cruel  
Oh, oh, oh, and make you feel like a damn fool  
For things you should remember, for things you just forget  
But the only memories I need on my death bed  
Are loving you and loving you and loving and loving you  
She said...

Do you remember that time we saw the northern lights?  
Do you remember that time we watched the shuttle blow up in the sky?  
Do you remember that time we put a man on the moon?  
And he said "baby (baby), call me crazy, of all that we've been through, all  
I remember is you"  
All I remember is you  
All I remember is you  
All I remember is you, you, you, you, you  
All I remember is you  
All I remember, baby  
All I remember is you, you, you, you, you

Kissing and touching on you  
Squeezing and hugging on you  
All I remember is you, you, you, you, you  
Kissing and touching on you  
Squeezing and loving on you  
All I remember is you, you, you, you, you  
All I remember is you

All I remember is you  
All I remember is you, you, you, you, you  
All I remember is you  
All I remember, baby  
All I remember is you, you, you, you, you
