

# Everything I Need

Skylar Grey

Born on the wrong side of the ocean  
With all the tides against you  
You never thought you'd be much good for anyone  
But that's so far from the truth

I know there's pain in your heart  
And you're covered in scars  
Wish you could see what I do

'Cause baby, everything you are  
Is everything I need  
You're everything to me  
Baby, every single part  
Is who you're meant to be  
'Cause you were meant for me  
And you're everything I need

You can say I'm wrong  
You can turn your back against me  
But I am here to stay  
(I am here to stay)  
Like the sea  
She keeps kissing the shoreline  
No matter how many times he pushes her away

'Cause baby, everything you are  
Is everything I need  
You're everything to me  
Baby, every single part  
Is who you're meant to be  
'Cause you were meant for me

And everything happens for a reason  
It's all a blessing in disguise  
I used to question who I was  
Well now I see  
The answer is in your eyes

'Cause baby, everything you are  
Is everything I need  
You're everything to me  
Baby, every single part  
Is who you're meant to be  
'Cause you were meant for me  
And you're everything I need
