

Falling Apart

Skylar Grey

What happened to me?
I used to be so strong
I can remember
I used to stand up tall

I used to have dreams
So many dreams
Now I don't dream at all
I used to believe in everything
'Til I was proven wrong

Lovers will desert you
Failure will destroy you
How are we to get through
Without falling apart?

Where did the time go?
I used to be so young
The years go by faster
The older I become

I used to have dreams
So many dreams
Where are they now?
I thought that I would reach the stars
'Til I fell down
Down

Lovers will desert you
Failure will destroy you
How are we to get through
Without falling apart?
I'm falling apart
