Someone's gonna get hurt
Na-na-na-na, na-na, na-na-na
Someone's gonna get hurt
Na-na-na-na, na-na, na-na-na
And it's not gonna be me

Good morning gorgeous
I drove your truck in the lake last night
Hope she was worth it
Don't worry, I slept just fine

You keep throwing punches but you won't win this fight You're just fucking yourself when you don't read the signs I'm going to the kitchen, coming back with a knife Cause I've had enough this time

This is your final warning
There's a dark cloud overhead
This is your final warning
Just remember what I said
Someone's gonna get hurt
Na-na-na-na, na-na, na-na-na
Someone's gonna get hurt
Na-na-na-na
And it's not gonna be me

Good afternoon dear

How does the rope feel around your neck?

Just one more error

Could be a fatal step

You keep throwing punches but you won't win this fight You're just fucking yourself when you don't read the signs I'm going to the kitchen, coming back with a knife Cause I've had enough this time

This is your final warning
There's a dark cloud overhead
This is your final warning
Just remember what I said
Someone's gonna get hurt
Na-na-na-na, na-na, na-na-na
Someone's gonna get hurt
Na-na-na-na
And it's not gonna be me

Cause you're the one thing You are, you are the one thing Cause you're the one thing You are, you are

This is your final warning
There's a dark cloud overhead
This is your final warning
Just remember what I said
Someone's gonna get hurt
Na-na-na-na, na-na, na-na-na

Someone's gonna get hurt Na-na-na-na And it's not gonna be me

Cause you're the one thing You are, you are the one thing Cause you're the one thing You are, you are the one thing
