

# Invisible

Skylar Grey

[Verse 1]

I take these pills to make me thin  
I dye my hair, and cut my skin  
I try everything, to make them see me  
But all they see, is someone that's not me

[Chorus]

Even when I'm walking on a wire  
Even when I set myself on fire  
Why do I always feel invisible, invisible  
Everyday I try to look my best  
Even though inside I'm such a mess  
Why do I always feel invisible, invisible

[Verse 2]

Here inside, my quiet hell  
You cannot hear, my cries for help  
I try everything, to make them see me  
But every one, sees what I can't be

[Chorus]

Even when I'm walking on a wire  
Even when I set myself on fire  
Why do I always feel invisible, invisible  
Everyday I try to look my best  
Even though inside I'm such a mess  
Why do I always feel invisible, invisible

[Bridge]

Sometimes when I'm alone  
I pretend that I'm a queen  
It's almost believable

[Chorus]

Even when I'm walking on a wire  
Even when I set myself on fire  
Why do I always feel invisible, invisible  
Everyday I try to look my best  
Even though inside I'm such a mess  
Why do I always feel invisible, invisible
