Sideways

Skylar Grey

Yuh

You're comin' at me sideways, yeah
Unless I just ain't seein' straight, yeah
Maybe I'm too outta date, oh yeah
But you keep comin' at me sideways, yeah

Swerve to the left, swerve to the right
Everyone coming at me from all sides
Dodging a bullet, dodging a knife
Oh, maybe I'm trippin', this shit got me high as fuck

What do you want from me? Do you want from me?
I can't tell what you want from me
I get the feeling that you really want something from me
But you keep acting like you don't want anything from me

You're comin' at me sideways, yeah
Unless I just ain't seein' straight, yeah
Maybe I had too much to drink, darling
But you keep comin' at me sideways, yeah

Sideways like a spider walking on a wall

Did I say something wrong?
'Cause you want me to talk then you want me to stop
Either way, you just keep going off
I just can't win
I can't do anything right round here
Anything right round here
I can't do anything right round here
Anything right round here

You're comin' at me sideways, yeah
Unless I just ain't seein' straight, yeah
Maybe I had too much to drink, darling
But you keep comin' at me sideways, yeah

Sideways like a spider walking on a wall
