

Every holiday  
I would come over with you and make a dinner plate  
We were just teenagers let the radio play  
Parents on vaca  
We were staying up late  
Playing 2k all night

Then we grew up  
And you got boo'd up  
And we lost touch  
But if it ever comes up

I still fuck with you  
I still fuck with you  
I had fun with you  
Yeah, I still fuck with you  
I still fuck with you  
I was runnin it up with you  
Got me fallin in love with you  
Yeah, I still fuck with you  
I still...

I still fuck with you  
I was runnin it up with you  
Got me fallin in love with you  
Yeah, I still fuck with you  
I still...

Wanna see your face  
How you got me lookin back  
Runnin in place  
Kissin in the backseat of your Chevrolet  
And now my body's craving  
Another ride with you  
Another try with you

Then we grew up  
And you got boo'd up  
And we lost touch  
But if it ever comes up

I still fuck with you  
I still fuck with you  
I had fun with you  
Yeah, I still fuck with you  
I still fuck with you  
I was runnin it up with you  
Got me fallin in love with you  
Yeah, I still fuck with you  
I still...

I still fuck with you  
I was runnin it up with you  
Got me fallin in love with you  
Yeah, I still fuck with you  
I still...
