

Know It's Wrong

Skylar Stecker

Uh, yeah

You got me doin' things I never done, babe (Babe)
Keepin' it on the low so we get what we want, babe (Babe)
What we do stays between us, nothin' I would say (Nothin' I will say)
But we should keep it that way

'Cause we both know what could go down
If we get crossed up around town
But we gotta stay on it (Oh)
Baby, there ain't no need for no crowd
All the things you do when nobody's around
And baby, we could blow it (Oh-oh)

You know we don't have to make it known
We could do it on the road, babe (Babe)
(Ooh, ooh-yeah, ooh-yeah)
Don't know how you put me in that song
Feels so right but we know it's wrong, babe (Baby)
(Ooh-ooh-ooh, oh my)

Take it from me, he ain't the ones you be dealin' with
Give it so good that you dropped who you dealin' with
How did we fall? Put us in a place (Place)
We can't confess but you between my legs
I know they (I know they)
They won't understand so we do it our way
Playin' like we shy but we fakin'
And I don't wanna keep it that way, yeah

'Cause we both know what could go down
If we get crossed up around town (Around town, babe)
But we gotta stay on it (We gotta stay on it, ooh-woah)
Baby, there ain't no need for no crowd
Love the things you do when nobody's around
And baby, we could blow it (Oh-oh)
Baby

You know we don't have to make it known
We could do it on the road, babe (Ooh, yeah, oh)
(Ooh, ooh-yeah, ooh-yeah)
Don't know how you put me in that song
Feels so right but we know it's wrong, babe (Yeah, we know it)
(Ooh-ooh, baby, yeah, yeah, ooh, we know)

Ooh, we know (Ooh-ooh, yeah, babe)
We both know, we can't go make it known (Yeah, babe)
Yeah, we know (Yeah, we know)
Oh-woah, oh-woah, oh-woah (Yeah)
And we know
And we both know, feels so good but it's wrong, oh babe (Oh, baby)
(Ooh, ooh-yeah, ooh-yeah)

We both know
We both know, ooh-woo, ah-ah
