Obvious

Skylar Stecker

Staring up at the ceiling
While I'm lying in my bed
Think that I've caught some feelings
I keep em to myself instead

'Cause every single time I call it love
I always find a way to mess it up
I'd let you know you're giving me a rush
But I get stuck

You know I don't mean to play hard to get
It's got me crazy you're all in my head
Saying that I want you that would be too much
I won't be the one to make it obvious
I can't deny I got feelings for you
But showing emotions just not what I do
You gon' have to go ahead and call my bluff
I won't be the one to make it obvi obvious

You got that fire, the moves that I like
Way that your wired, yeah you're just my type
So what is the issue, I wanna get with you
But I'm terrified

'Cause every single time I call it love
I always find a way to mess it up
I'd let you know you're giving me a rush
But I get stuck

You know I don't mean to play hard to get
It's got me crazy you're all in my head
Saying that I want you that would be too much
I won't be the one to make it obvious
I can't deny I got feelings for you
But showing emotions just not what I do
You gon' have to go ahead and call my bluff
I won't be the one to make it obvi obvious

Obvi obvious
Obvi obvious
Obvi obvious
I won't be the one to make it

Every time I call it love, yeah
I find a way to mess it up
I've already said too much
