Eh, boy you're playing with fire
Gonna get burn when these flames burn higher and higher

Fool me once
I'mma fall for you
We'll get away ah
You better know what's good for you oh

Stop your messing around
Stop your messing around boy
Falling through to the sound
So run little rascal run little rascal

Stop your messing around

Falling through to the sound
So run little rascal run little rascal

I gonna get wild and I gonna get loud
Gonna get loud gonna gonna get loud
So if you can't handle me you better get out
Better get out, better better get out
