

# Rooftop

Skylar Stecker

You know I'm throwing it up  
To all my girls in the city  
And if you rolling with us  
It ain't gonna be pretty  
We always keep it one hundred  
No we never go fifty  
And we'll be shutting it down  
Still holding it with me  
Ooooooh someone keeping it loud  
Living right here and now  
And if you don't know now what I'm talking about  
Say ooooooooooooooh

We gonna shout it from the rooftop  
Cause we want everyone to know  
Shout it from the rooftop  
If you ready come on here we go  
Starting out with me  
This is how it's gon be  
We get it going like bum-did-de-dum-did-de-dum-da-dum  
Bum-de-di-dum-da-de-dum-bum-mi-did-dum-budda-dum-dumd-d-d-d-d-dum

Come on get it the zone  
While you're waiting  
And if you want to go home  
You better watch what you're saying  
Cause were only gonna turn things up now  
We're never faded  
And if you want to get down it ain't complicated  
Ooooooh someone keeping it loud  
Living right here and now  
And if you don't know now what I'm talking about  
Say ooooooooooooooh

We gonna shout it from the rooftop  
Cause we want everyone to know  
Shout it from the rooftop  
If you ready come on here we go

This is how it's gon be

Bum-de-di-dum-da-de-dum-bum-mi-did-dum-budda-dum-dumd-d-d-d-d-dum

Hop on the roof where's the party hot  
Turning it up til we make it rock  
Turn Turn simple and we'll never stop
