SKYND

Here comes hell
It's redemption right?
May you never forget me
Sorry fuckers, you're gonna have to find somebody else to orbit

I follow you
Follow the 'gram
Yes, I will follow you
Follow you everywhere
I wanted more
You're causing me pain
My obsession for you
It's driving me insane
All I wanted was
Was to be close to you
So say "Yes, YesJuliet"
"I would follow you too"

She was supposed to come home
Early morning hours
Tiptoe through the living room
She would fall asleep
Next to anime and pink clouds

Cat eyes, dark hair
Black top, throat cut
Face splattered with blood

My neck hurts...

Here comes hell
It's redemption right?
May you never forget me
Sorry fuckers, you're gonna have to find somebody else to orbit

Here comes hell
It's redemption right?
May you never forget me
This is your life and it's ending one minute at a time
I'm sorry...

DAMN
My neck hurts
My neck hurts
DAMN
My neck hurts
My neck hurts

B-E-E-G-T-F-O

Hello kitty, girl next door
Switchblades, pretty eyes

Buy a sketch with money or oxy
Short plaid skirts and converse

You were nothing
(Cat eyes, dark hair)
I was cheating on you
(Black top, throat cut)
I can replace you in a fucking second
(Face splattered with blood)
I used you

Here comes hell
It's redemption right?
May you never forget me
Sorry fuckers, you're gonna have to find somebody else to orbit

DAMN
My neck hurts
My neck hurts
DAMN
My neck hurts
My neck hurts

(6:03 AM)
My neck hurts
(Cat eyes, dark hair)
My neck hurts
(Black top, throat cut)
My neck hurts
(Face splattered with blood)
My neck hurts

DAMN

(Follow you)
