You're gonna have to prove me wrong
I don't think that's what you really want
Do it now, you can't think about it
It's time now you know that

When you get back, you just gotta do it
It's the best time to do it
You keep pushing it another night
And say you'll do it, but you'll never do it right

I love you, now die
I love you, now die
I love you, now die
I love you, now...

Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
GO!

I love you, now die
I love you, now die
I love you, now die
I love you, now die

You can't break a promise
I want you to be ready and sure
I thought you wanted to do this
Not finding a place to go is no excuse

A kid in his car
Turn the Radio on
In a quiet parking lot
And do it
It won't take long
No more pushing it off
You keep pushing it off
Go somewhere
You know you won't
You know you won't get caught

Generator in your car
CO2 in your lungs
You won't feel a thing
You won't feel anything

You keep pushing and pushing it off
You kept pushing for way too long

Now turn it on, you'll be free
Turn it on, you'll be happy

I love you, now die

Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
GO!

I love you, now die
I love you, now die
I love you, now die
I love you, now die

You're gonna have to prove me wrong
Okay, I'll do it today, I promise you, babe
Do it now, you can't think about it
I just don't know how to leave them, you know
It's time now you know that

Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
Go, in your truck and drive in a parking lot
Do it early, do it now
Do it early, do it now
Go, just park and sit there in your car
It will take 20 minutes
It will take 20 minutes
GO!

I love you, now die
I love you, now die
I love you, now die
I love you, now die

Sometimes things happen and we never know the answer why
I love you, now die
