

Violets Are Blue

SKYND

Everyone is waiting for me
(But I wanna look in the mirror)
Everyone is longing for me
(I need another face in the mirror)
Everything I see is twisted
(So I gotta shine in the mirror)
You cannot retrieve what's wasted
(So you gotta look in the mirror)

Roses are red, violets are blue
Wrapping hands and feet in pink tissue paper to send them to you
Roses are red, violets are blue
The police will need dental records to identify you
Roses are red, violets are blue
Wrapping hands and feet in pink tissue paper to send them to you
Roses are red, violets are blue
The police will need dental records to identify you

Keep a secret
If you like it
(Don't put the flame on me)
I'mma leave it
Where you like it
(Oh, dear authorities)
I'mma park it
On the market
(This body is not for free)
You can stick it
Where you like it
('Cause you ain't catchin' me)

Roses are red, violets are blue
Wrapping hands and feet in pink tissue paper to send them to you
Roses are red, violets are blue
The police will need dental records to identify you
(Come catch me if you can)

It's a cat-and-mouse game
Come catch me if you can
I do it for the fame
Come catch me if you can
Another fake name
Come catch me if you can
Apartment 2-0-8
Come catch me if you can
It's a cat-and-mouse game
Come catch me if you can
I do it for the fame
Come catch me if you can
Another fake name
Come catch me if you can
Apartment 2-0-8
Come catch me if you can

La-la-la-la
La-la-la-la-la
(Come catch me if you can)

La-la-la-la
La-la-la-la-la
