

# Know That Cash Rules

Skyzoo

Yea  
It goes 1 for you  
1 for me  
2 for you  
1-2 for me  
You know how the rest go  
Mad because I know that cash rules

Flash jewels  
How they mad because I know that cash rules  
Everything around me  
Never let me down see  
Never did  
Tell em' to forever get from round me  
If they ain't bout a win  
Okay  
Flash jewels  
How they mad because I know that cash rules  
Everything around me  
Never let me down see  
Never did  
Tell em' to forever get from round me  
If they ain't countin' in

Okay  
Flash jewels  
How they mad cause I know that the cash rules  
We grew up on that tune  
And you know me and that groove  
I will seat it for what it gave us  
And took the wheel when they  
Stopped believing that money made us  
Cause till they pay us  
I promise to make em' fuckin hate us  
Love us later but pay us now and be done with favors  
Olympians and black fistin'  
How the running made us  
And bar none so clearly they wanna running mate us  
Campaign for this bread  
So when they underplayed us  
My jewelry on so you can't deny me on what they gave us  
Coupe dreaming that turns into coupe's leaning  
Like God  
Play the odds and I promise they shooting evens  
And the rims got us hurrying  
Looking for 24's  
Like the 14th and the 30th  
Damn I threw that high  
My bad  
I'm in the zone where they stand and shoot ya ride  
And push you out of your doors  
And then plan ya suicide  
Double meaning ha

Flash jewels  
How they mad because I know that cash rules  
Everything around me

Never let me down see  
Never did  
Tell em' to forever get from round me

Condominium dreams and Range Rover fantasies  
Can't be realized if you under ya canopy  
From youngin I planned to be  
Everything ya optic viewing  
The big man in the center  
That never got the Ewing's  
That's why I cop the new ones in twosomes and foursomes  
Rock em' once then give em' to an orphan  
Shit is awesome  
They call it flossin  
I call it paying forward  
For all the days of food stamps  
I had to pay the store with  
Notorious Tor been on tour  
I tore it for 20 thousand  
Used to talk in front of my building nigga  
Public housing  
In the Republic of China  
I'm out in Beijing browsing  
Far from my Banana Republic styling  
The moral value  
What the Lord allow you  
Is what you should show of  
Cause these niggas you liking on Facebook will show you no love  
And all I know of  
Is how to act cool  
Blast tools at wack dudes  
Rapping that fast food  
Sky school em
