I know these niggas really hoped this day would never come
Fuck it though, time to show these niggas why I'm number 1
He ain't saying no words if I hear there's grub
I put the metal to his face and tell him suck it up
And when it comes to the girl's they said they've had enough
Till I put my fucking frankfurter in their burger bun
We dished it out, say play about then run it out
What a fuckin fool, cah he had to bloody muck it up
Feel to switch it up, comin like a hooligan
Go to the Lane I smash a bottle round the Arsenal cunt
I need to cut the skunk, it's gettin to my fucking nut
Nuff times I seen the jakes and had to park it up
Layin low tryna persuade bro to start it up
Cut touched in jail, fuck that time was hard enough
22 cruise mogul came through the slums
The 15 does the job but baby it ain't half the fun
Mum asked what I've become I'm yet to see what I've become
I'm living young, getting money and I'll splash him if he front
s
Bad bitch, no hurry
Oh-my, oh-God
She can hold all my luggage if she's coming with that trunk
I smoke this sweet bud till my lungs turn to nugs
Put that drink back down, I ain't ever been drunk
Snapped hoes another story I'm showing you cause
She should jump off a cliff cah all she do is stunt
If I'm quay on a mission, the objective is cunch
Tell her switch that position, tell her more with the bum
Man what's wrong with these niggas
What they slappin in their blunts
All these internet bitches, with their internet bums
They should do it for the vine
They should do it for the tugs
Then I buck the bitch live and I told my nigga run
But her friend look alright, so a nigga might of buss
If I step with that one I'm tryna perish that punk
Said he onto the niggas let me talk and hush
How he tried kill himself
I can't condone that one
You talk nuff my cause, you soon hold you one
My nigga said there's 3 there I might bone me one
Lookin for a few cribs, I'm tryna roll me one
He called Pamz said it's smellin like a homely one
I slap it from the back till my balls go numb
Bro put 2 in the wap nigga, no dumb dumbs
