

## Little Bird

SL

Yeah, yeah  
(Woah, Kenny), look

Little bird (Bird), got her off the curb (Curb)  
Like to throw it back (Back), and she kept her word (Word)  
Then she upped a gear (Gear), took it into third (Third)  
Never interfere (Don't), when I do my work (Don't)  
I been through the dirt, now it's dinners and desserts (It is)  
She gon' suck the kid (She will), nearly left the Earth (Yeah)  
Trappin' was my gift (It was), trappin' was your curse (Yeah)  
You said, "Fuck it, bruh, it's lit" (Yeah) 'til you got your ass burnt (Ouch)

They're all lies, me, I'm factual (I am)  
Plus I come up from the streets like Masvidal (Yes, I did)  
Talk tough, then I'm aimin' at your mandible  
You got loud grub then I'ma eat it like a cannibal (I'll take it)  
Cold and drop a ounce, somethin' casual (Somethin' normal)  
Then I took the whole pack, I'm irrational (I jerked it)  
Regular pot but made the kitties think it's magical  
Hit the milli' mark, then invest in some capital (Yeah, look, I am)  
Nigga, how you broke? Get a line, let the weight go (How?)  
I might take your ho, make her mine 'cause I say so (Take her)  
Don't mess with my guy, that's my bro, that's my Qualo (Don't)  
Pop out on a guy, where's the plug? Where's Pedro? (Yeah)  
Done a mad ting, bait one, lay low (Lay low)  
We ain't campin' we're out 'ere, main road (Main road, we're out here)  
She attractive, smashed it, case closed (Sweet one)  
Very fantastic, the way she give the great blows (Great blows)
