

This Way

SL

It's Lenji
Yeah, yeah

Oh how did I get this way?
Stuck with her when I'm meant to be kway
I'm just lucky she called me first cah you know I didn't know her name
'Cause that one there looked good but I know I gotta make my way
Conscious telling me different, like, get out my brain
This one here might help, hell of a strain
Can't you see I'm yawning this morning? 'Bout time for my waking brain
I ain't got time for lames nah
I be tryna get my cake so
I don't really deal with fake and
I be bout my money from the second that I wake up

My bitch look better no makeup
Old school days had to trap with the blade
Just in case nigga don't pay up
I know the back ain't great but
She all good from waist up
I know the back ain't great but
She all good from waist up waist up
This sticky icky got a great buzz
I was with my niggas moving iffy tryna make bucks
Now a couple niggas moving iffy that's the game cause
I just hit it raw and now I'm wiping of her makeup
I told her eat it and she ate up
Your girl had a bush
So I just sent her for a shape up
All them mandem hit it
If you hit it your insane cause
If you fuck with me your life won't ever be the same love nah
Like I get paid cause
She said that I need Jesus
Let that booty be my savior
She can't suck it off if she suck brodie with the same tongue
She ain't got no shape I sent that body to the tailor (Flat one)
Like where's Rekeah or is it Rikehia
I don't know it's all the same cause
Boy was she a wild one
I just had to get it tamed cause
Now shits getting heated
I told bro pass me a flame cause

Oh how did I get this way?
Stuck with her when I'm meant to be kway
