I be so fearless
But there pain in my bars, yeah I mean it
(Hollywood Six)

I be so fearless
But there's pain in my bars, yeah I mean it
Goin thru sum thangs Lil Boosie, yeah
They push me to the edge Lil Uzi
No wonder why I can't keep ah uzi
[?] like Suzi
Came up from the trenches
Weight on my shoulders like I'm benchin'

Yeah yeah yeah
Pain on my shoulders but I push it off
Streets ain't nice, come ends and it'll put you off
Same old Jake Boys wanna see me locked
Cuh I was tryna take the goodies out your goodie box
Free K, free Taz, free Bop too
They don't have a clue 'bout what we gone through
Grill used to bake to chop food
So hella shit be in your system if he got you
Told bro I won't fall through
Just keep checking Dae when he calls you
She tellin' me she finna cut through
She like "what you pop pills?"
Nah that's all you
But it's cool boo, I'm a cool dude
I'm a bum man, but she all boobs
Tryna cut man, cuh he talk loose
Day nearly done still got hella shit to sort through

I be so fearless
But there's pain in my bars, yeah I mean it
Goin thru sum thangs Lil Boosie, yeah
They push me to the edge Lil Uzi
No wonder why I can't keep ah uzi
[?] like Suzy
Came up from the trenches
Weight on my shoulders like I'm benchin'

Look, I weren't tryna get no clunge
It was me on my grab in the bedroom baggin'
Try used to bang tickle me nuff
'Til I caught them punks and it put me off Patricks
Bro way too active
Eighteen plus the way he left the scene graphic
Man don't care if he's match fit
Sub him on anytime and he'll catch a man's captain
Why your boyfriend cappin'?
He knows he got a bad one so he keepin' her captive
New school, stop acting
It was 2020 when you first got established
Late night with a bad bitch
Love climb on the chopper, say its so fantastic
Still with the same old antics
Do road with some demon bandits

I be so fearless
But there's pain in my bars, yeah I mean it
Goin thru sum thangs Lil Boosie, yeah
They push me to the edge Lil Uzi
No wonder why I can't keep ah uzi
