

Who Knows

SL

(What is this?)

Okay, yeah, cuz
I can paint you a picture
Give me a minute - you'll tell me I'm sick (I can)
Back then didn't smoke no loud
Classroom clown even gave me a lift (it did)
Then a nigga got stuck (got stuck)
Flipped bud I was lowing my quid (I was)
Then the plug tried to charge man 10
I looked at bro and we knew it's a myth (long)
Unamazed with low (low)
On the back roads, Tokyo Drift (skrrt)
Who knows, who knows? (who knows?)
Now I'm gone, get rid of this bitch (how?)
Dog said that the batch come killa (killa)
I told him link man now, live (I'll go)
I didn't care that they never got nothing
They hit a nerve when they come my strip

Fold my collar and fix my button
Courtroom got me feelin' all stiff (stiff)
Fuck a discussion (fuck it)
If I see the po-po I dip (I'm off)
Linked up with a naughty bunch
Real big backs, made for a fling (yeh)
Caught up in a sticky one
Wish for the best, I don't put on no ring (I don't)
Look, stop it (stop it)
Them man's top? I top it (top it)
But me and you cool, I just need me a yard to lock it (I do)
He came at man with a plan
Phone up bro cause I know he on it (on it)
I was coming like a spoiled lil brat when saw that back cause I don't want i
t (oiiii)
Quick, tell a friend (tell a friend)
S, he's just done it again (he did)
What, it's better than his last? Man
Bro it's better than the rest (I dunno)
I ain't gettin' any rest
Just done overtime with my pen (pen)
Override on that skeng, fought like Poltergeist in the ends (okay)
Look, I'll outmatch them (I will)
I don't like that ramz, the case come weird
Too hard to access (iffy)
I don't like that Yak, it wounded five, six, at best (yeah)
Serious sweaters, swing that right and I swing like practice (ouch)

Okay, yeah, cuz
I can paint you a picture
Give me a minute - you'll tell me I'm sick (I'm cold)
Back then didn't smoke no loud
Classroom clown even gave me a lift (it did)
Then a nigga got stuck (got stuck)
Flipped bud I was lowing my quid (I was)
Then the plug tried to charge man 10
I looked at bro and we knew it's a myth (long)

Unamazed with low (low)
On the back roads, Tokyo Drift (skrrrt)
Who knows, who knows? (who knows?)
Now I'm gone, get rid of this bitch (how?)
Dawg said that the batch come killa (killa)
I told him link man now, live (I'll go)
I didn't care that they never got nothing
They hit a nerve when they come my strip

Look, I get it in
Her and her friend that's a hell of a win
Double trouble, terrible twins
Put down on a two bed crib
Oh I can't wait 'til the settlement's in
The front don't say too much
But oh does the back do a hell of a thing
Look, get out the way before I brandish my blade
No I don't fuck wit my man, but he seen this girl's back
We got similar taste
Bro move two in day
You talkin' O's, up your weight
Whenever the case
Get 'round there then right back to base

Okay
