Hear a whistle blowin' out there somewhere Beware a wolf a knockin' on the door. Hear a whistle blowin' out there somewhere Leave his sheep skin on the floor

## [Chorus]

Do the dirty, do the dirty, do the dirty now Do the dirty, do the dirty, do the dirty and now The things that we said went over their heads

Hear a bellow roarin' out there somewhere Hear a bellow roarin' out there somewhere Take his horns before it's too late

[Chorus Repeat]

Hear no sound o'nothin' out there nowhere Beware a snake comin' through the grass Hear no sound o'nothin' out there nowhere Cold as ice so let him pass

[Chorus Repeat]
