

# Don't Blame Me

Slade

(Holder/Lea)

I gotta heart and a soul  
I gotta mind of my own  
And my spine aint weak  
I gotta lazy streak  
Lately I said I've bin a winner  
Ladies all cook my dinner  
I'm set free I said don't blame me  
So don't blame me

We saved silver and gold  
To show how many we sold  
They look good when they shine  
My mama polishes mine  
I remember the time we hadn't a penny  
I thought we'd never have any  
I'm set free so don't blame me  
No don't blame me

I gotta heart and a soul  
I gotta mind of my own  
And my spine aint weak  
I gotta lazy streak  
Lately I said I've bin a winner  
Ladies all cook my dinner  
I'm set free I said don't blame me  
So don't blame me

I remember the time we hadn't a penny  
I thought we'd never have any  
I'm set free so don't blame me  
No don't blame me  
I remember the time we hadn't a penny  
I thought we'd never have any  
I'm set free so don't blame me  
No don't blame me  
I said don't blame me
