Am I alright? I'm alright, I'm alright  
Listen man...  
115 hours a week for two weeks straight in the studio to do this record for you  
Not 'cause I give a fuck about you, 'cause I don't give a fuck about you  
Maybe a little bit, I don't know  
I feel like my back is against the fucking wall  
Everyone feels like I'm doing real good and shit, I ain't doing that good  
Believe me, you'd forget about me tomorrow if you could  
I ain't gonna let you forget about me tomorrow  
I went in this fucking studio and I made this record 'cause I felt like I had to scream for my people  
But I don't have to raise my voice to scream, and I don't have to paint pictures for you to dream  
I can say what I say, you listen, that's just how it go  
The Devil Never Dies is not The White Man Is The Devil. Vol 3  
You know what is? You know what The White Man Is The Devil. Vol 3 is?
