

# After All

SLANDER

After all

We're crawling out the windows  
Take a step back  
From what you've learned to what you're seeing now

One time  
One word  
And after all, you still believe in me

After all, you still now  
After all, you still believe in me

Me, me, me, me  
Me, me, me, me  
Me, me, me, me  
Me, me, me, me

Me, me, me, me  
Me, me, me, me  
Me, me, me, me  
Me, me, me, me

Hoo-ah!

You still believe in me

We're crawling out the windows  
Take a step back  
From what you've learned to what you're seeing now

One time  
One word  
And after all, you still believe in me

After all, you still now  
After all, you still believe in me

Me, me, me, me  
Me, me, me, me  
Me, me, me, me  
Me, me, me, me  
Me, me, me, me  
Me, me, me, me

Hoo-ah!

You still believe in me

After all  
After all  
After all  
After all
