Back To U

SLANDER

(Oooh, oooh)
(Back to you)
(Oooh, oooh)

Blink
And then it's over
Yeah, I think
I'm getting older

'Cause I can waste away the days with all
The things I wish I'd say, but then
We blink
And it's over

So maybe I should put my heart
Out on the table
And fuck it if it breaks
And maybe I've been hiding from
What I'm afraid of
But I don't wanna wait

No, I don't wanna, oooh
I'm always running
So I can't get close to you, oooh
But we don't got a lot of time to lose
And all I, I want is
To finally be honest
Yeah oooh
I'm always running but my feet lead back to you

Back to you
I'm always running but my feet lead back to you
Back to you
I'm always running but my feet lead back to you
Back to you

Go
Ahead and say it
What you want
I'm right here waitin'

'Cause we can waste away the nights with all
The things we hold aside until
We go
Ahead and say them

So maybe I should put my heart
Out on the table
And fuck it if it breaks
And maybe I've been hiding from
What I'm afraid of
But I don't wanna wait

No, I don't wanna, oooh
I'm always running
So I can't get close to you, oooh
But we don't got a lot of time to lose

And all I, I want is
To finally be honest
Yeah oooh
I'm always running but my feet lead back to you

Back to you
I'm always running but my feet lead back to you
Back to you
I'm always running but my feet lead back to you
Back to you

(Oooh, oooh)
(Back to you)
(Oooh, oooh)
