

Happy Now

SLANDER

I still remember the message
On my phone, on a late night in Texas
All these memories work like magic
I'm feeling so nostalgic
Thinking how we used to have it all back then

Well, I hope you're happy now
I hope you're good
If you could just be here right now
I'd be all good
Yeah, I know you've found what you're looking for
I know you did what you had to do
Well, I hope you're happy now
I hope you're all good

I hope you're all good
I hope you're all good
If you could just be here right now
I'd be all good
If you could just be here right now
I'd be all good

We got lost in the moment
In present tense it feels so tense without you
Last goodbyes were never spoken
And it left me fucking broken
Thinking 'bout the way we used to have it all

Well, I hope you're happy now
I hope you're good
If you could just be here right now
I'd be all good

I hope you're all good
I hope you're all good
If you could just be here right now
I'd be all good
If you could just be here right now
I'd be all good
