

# Hate Being Alone

SLANDER

I know I'm not the one  
But I still can't help but call you  
When the sun goes down

I keep on trying to run  
But you keep sending me back  
'Cause we're so burned down

Forget about the love we made  
Forget about the past mistakes  
'Cause all you ever did was change  
And I hate being with you, but I just cannot be alone

All the promises you break  
You've got me at a distant space  
I don't want to see your face  
But I hate being alone, yeah I hate being alone

But I hate being alone, yeah I hate being alone  
But I hate being alone, yeah I hate being alone

I hate being alone  
I hate being alone  
No

And I  
Prefer to spend my nights  
Without her  
No

But I can't stay wide awake  
But she could be the one who makes  
The sun that tears me up inside  
When I'm cold in the middle of the night

Forget about the love we made  
Forget about the past mistakes  
'Cause all you ever did was change  
And I hate being with you, but I just cannot be alone

All the promises you break  
You've got me at a distant space  
I don't want to see your face  
But I hate being alone, yeah I hate being alone

But I hate being alone, yeah I hate being alone  
But I hate being alone, yeah I hate being alone
