

# I Can't Escape

SLANDER

(Hey hey ooh)  
Why am I feeling so cold?  
Lost myself for the night  
I can feel in my bones

And I'm staying up  
4 am walking streets that are vacant  
Tracing the lines of the cracks in the pavement  
And nobody knows I keep composed  
On the outside

Oh yeah my mind says something  
That my heart just don't  
All the thoughts that hit me  
When the lights turn on  
I can feel it coming  
But I won't stop running  
I know, I know

My heart is beating faster now  
And nothing's gonna' slow it down  
I'm breathing, breathin' in  
But I'm stuck in my skin

My heart is beating louder now  
And nothing's gonna' drown it out  
In my head, I feel it's too late  
I know that  
I can't escape

If you knew what I was thinkin'  
You'd probably run for the hills  
And that's probably why I've been drinking  
Instead of just facing myself

And I'm staying up, 4 am  
Walkin' streets that are vacant  
Tracing the lines of the cracks in the pavement  
And nobody knows, I can't compose  
Honey, I'm fine

Oh yeah my mind says something  
That my heart just don't  
All the thoughts that hit me  
When the lights turn off  
I can feel it coming  
But I won't stop running  
I know, I know

My heart is beating faster now  
And nothing's gonna' slow it down  
I'm breathing, breathin' in  
But I'm stuck in my skin

My heart is beating louder now  
And nothing's gonna' drown it out  
In my head, I feel it's too late

I know that  
I can't escape
