

Love Again

SLANDER

Sunsets

I'm dancing with your silhouette
You undress
I'm falling back in love again
We're dancing in the sunset
We're dancing in the sunset
We're dancing in the sunset
We're dancing in the sunset

In that moment when I kiss your lips
I wanna know where you is at
When I saw my little lover
Driving you down to the ocean
I see it, you want it
I see it, you want it
No need to talk about it
This is all we ever wanted

I'm falling back in love again!

I'm falling back in love again!
Love again
Love again
Love again
Love again
Love again
Love again
Love again
Love again

Sunsets

I'm dancing with your silhouette
You undress
I'm falling back in love again
We're dancing in the sunset
We're dancing in the sunset
We're dancing in the sunset
We're dancing in the sunset

In that moment when I kiss your lips
I wanna know where you is at
When I saw my little lover
Driving you down to the ocean
I see it, you want it
I see it, you want it
No need to talk about it
This is all we ever wanted

I'm falling back in love again!

I'm falling back in love again!
Love again
Love again
Love again
Love again
Love again
Love again

Love again
Love again
