

Watch Over Me

SLANDER

Always the one that I could
Turn to with anything that
I couldn't handle myself
And any secrets I had
You were the one I could tell

Even though I know you're miles above
I know you're still close
I'll never be ready to let you go

It's hard to live without you
I'm still in disbelief
There's nothing I wouldn't give
For one more memory

It's different with you
Gone and lost everything on
The day that you went to leave
At least there's one more angel
To watch, to watch over me

To watch over me
To watch over me

If I am losing my faith
And I start making mistakes
Will you show me to the light?
Promise wherever you are
That you will stay by my side

Even though I know you're miles above
I know you're still close
I'll never be ready to let you go

It's hard to live without you
I'm still in disbelief
There's nothing I wouldn't give
For one more memory

It's different with you
Gone and lost everything on
The day that you went to leave
At least there's one more angel
To watch, to watch over me

To watch over me
To watch over me
To watch over me
To watch over me
To watch over me
To watch over me
