

Without You

SLANDER

Sometimes I try to put myself out there
Sometimes I try to make it look
Like I'm comfortable in the skin I wear
But these words cut deeper than a knife

And I gotta act like I don't care
But if it didn't happen then I guess I wouldn't be here
I guess I wouldn't be here, oh no

Stop with all the bullshit
I'm done with all the fake love
So you should really just quit
'Cause I saw the texts on your phone

And it's hard to say
It's hard to say
So I guess I'll be on my way

But I don't wanna live in a world without you
No, I don't wanna live in a world without you
No, I don't wanna live in a world without you
Noo-oooh, noo-oooh

No, I don't wanna live in a world without you

Silly me for thinking you're the one that I would never blame
The one that I would never change

The one that always stays the same
Now I'm in the corner thinking back on all these memories
Like what I'd do if you had stayed
And all the lies that you betrayed

If time stood still
And I could see you again
Then I would keep you with me, yeah

'Cause I don't wanna live in a world without you
No, I don't wanna live in a world without you
No, I don't wanna live in a world without you
Noo-oooh, noo-oooh

No, I don't wanna live in a world without you
